

Dear parents,

We are proud of the broad curriculum that we work hard to provide for the children in school, however I am keen to expand this further next year. I would like to create a Syresham Passport that maps out some key memorable learning opportunities for the children across the school at an age appropriate level. Inspired by the National Trust '50 things to do before you are 11¾' we are going to plan activities indoors and outside, in school, the surrounding areas and further afield. Activities that will inspire, motivate and challenge our children – things to look forward to as well as memories to treasure. I have begun to put some thoughts on paper below, but would really value your ideas. Please could you (alongside your children) add any ideas that you may have and return to the school office.

Age Group	Activity
Reception	Visit the zoo
Year 1	Build a den in the woods and eat a picnic in it
Year 2	Ride on a train
Year 3	Learn a musical instrument
Year 4	Camp in a tent overnight – after putting the tent up!!
Year 5	Watch a live game of sports
Year 6	Take part in an event to raise money for a charity
