

20th September 2019

OUTSIDE LEARNING AT STOWE GARDENS

We have arranged our first outside learning day at Stowe for Monday 30th September 2019. We will use our PE Grant again this year to pay for two coaches to take the children to and from Stowe. Outside learning is part of our school curriculum and takes place during normal school time, so all children are expected to take part.

Children will need to wear 'home' clothes and trainers or walking boots, they will also need a warm waterproof coat with a hood and wellingtons if it is wet. Please check the weather forecast and dress appropriately as we will be outside all day. Children will also need a packed lunch, drinks and a snack in a rucksack or bag that can be carried easily (no lunch boxes please and no fizzy drinks). Please cancel school lunches if you have booked them in advance.

In the past the children have always enjoyed and benefited from our days at Stowe, even when it has rained all day. This year we are inviting our nursery children to join us for the day. If your child is in nursery on Monday's please see Mel for more details. We are all looking forward to a fun day of learning at Stowe.
