

Dear Parent / Carer,

This school has begun using the Spelling Shed programme as part of the children's learning in school.

The Spelling Shed helps children to practise spelling via both teacher-led lessons and online game activities. The game gives four different degrees of support in the form of difficulty modes; Easy, Medium, Hard and Extreme. Higher levels allow a higher score to be achieved, but children can practise as much as they like on lower levels before trying to gain higher ones. The scores achieved give a league position and each class has its own combined league position within a school league as well as our world league. Spelling Shed also allows for homework and whole-class "Hive" games as a more interactive form of a spelling test. Your child's teacher will set lists of words that your child should practise and will monitor their progress via the system.

Once your child has their login information they can access our online game via <https://play.spellingshed.com>.

Log-in details for your child are attached.

The Spelling Shed does not share any personal information and our full privacy policy can be accessed at <https://www.spellingshed.com/privacy.html>

If you have any questions, please either speak to your child's class teacher or message them via Seesaw.
