

# Year 1 and 2 Weekly Home Learning

Read at least 4 times a week

Reading to your child will help them to enjoy reading, to build their comprehension skills, and to become a confident reader themselves.

Talk about books, stories, words, and pictures. Ask your child questions that can help them to think about what they're reading. Try to ask open questions that begin with 'how' and 'why'. See if your child can go back to the text and pictures to tell you how they know the answer.

Help them read for a purpose; as well as reading for pure pleasure, your child will need to read for particular purposes as they get older. They read to find information, to learn about something, or to answer questions. Practising this can be useful for success at school and in later life.

Play at Least 3 times a week

**Numbots** - This programme focuses on automatic recall of number facts as well as developing conceptual understanding.

**TTRockstars** - This sequenced programme of daily times tables practice helps boost times tables recall speed

Practise as often as you can

Children will be set spellings linked to their phonics. These will be set on a Friday and tested the following Friday.

Phonics - as often as you can

Phonics books and word purses will be sent home to read and practise Monday to Thursday to support phonics teaching school.
