

YEAR 5 & 6 CLASS NEWS

Welcome back!

We hope you have had a good summer and are ready for a new school year.

The children have settled into school well and are getting back into the swing of things-even if we're all feeling a bit tired after a full week!!

This year we welcome Mrs Watson to the Year 5/6 team and she will be teaching the class on Thursdays and Fridays.

Home Learning...

New class Seesaw pages have been set up and parents should now have access to that. If you can't see your child's page please do let one of us know.

This week all the children have chosen a new reading book and have started their reading journal on Seesaw. It is an expectation that they log their reading 4 times a week and they have been shown how to do this. More details on homework expectations will be sent out next week, together with reminders of passwords for TT rockstars etc..

Our Topic...

Our topic for this term is "The EXploration of Antarctica". We have already started learning about lines of longitude, latitude and time zones, as well as writing co-ordinates to locate places around the world.

We have begun studying the poem "The Dreadful Menace" and will be using it as inspiration for writing our own poetry. Keep an eye on Seesaw where we will keep you updated on our learning.

Date for your diary-

Class assembly...

Wednesday 23rd November

Time: TBC
